**SECTION C.4
SERVICE PROVIDER-FURNISHED PROPERTY**

SECTION C.4 SERVICE PROVIDER-FURNISHED PROPERTY

C.4.1 GENERAL

Except as described in Section C.3, the Service Provider shall furnish all vehicles, equipment, fuel, supplies, computers and peripheral equipment (including printers and computers with interface cards) and materials to accomplish all required services. Service Provider-furnished equipment shall be identified as Service Provider property. All Service Provider-furnished vehicles and equipment shall be in a clean, neat and operable condition and meet all State and Federal safety, licensing, inspection, and insurance requirements.

C.4.2 SERVICE PROVIDER-FURNISHED PROPERTY

Service Provider-furnished property is property acquired by the Service Provider to supplement property furnished by the Government and is in the possession of, or acquired directly by, the Service Provider to fulfill the requirements of this specification. Title to Service Provider-furnished or replaced property is vested in the Service Provider, except as described in Section 3.6. Property should meet OSHA compliance for the intended use.

C.4.3 SERVICE PROVIDER-FURNISHED FACILITIES

Facilities required by the Service Provider to supplement those provided as Government-furnished shall be obtained at the Service Provider's expense.

C.4.4 SERVICE PROVIDER-FURNISHED EQUIPMENT

The Service Provider is responsible for furnishing all equipment, including motor vehicles and administrative equipment, not furnished by the Government but required for the performance of work described in this Contract. The condition of the equipment shall not relieve the Service Provider of any responsibility to provide services as required in this Contract. All equipment to which the Service Provider has acquired title shall be clearly and permanently marked with the Service Provider's name or logo for ready identification. The Service Provider shall maintain, license and insure all Service Provider-provided vehicles. Vehicles and equipment shall be maintained in good working condition with no leaking fluids.

Equipment acquired by the Service Provider to supplement that provided as Government-furnished shall remain the property of the Service Provider upon termination or completion of the Contract, except as otherwise specified herein.

C.4.4.1 UNSERVICEABLE SERVICE PROVIDER EQUIPMENT

Service Provider-furnished equipment or items, inoperable or unserviceable for whatever reason including failure to meet Federal, State, or local safety requirements, shall be repaired or removed from NSWCCD within two working days after failure.

C.4.5 SERVICE PROVIDER-FURNISHED MATERIAL

The Service Provider shall furnish all other materials, supplies, and repair parts required to provide services specified in this Contract, unless specifically identified in Section C.3 as Government-furnished.

C.4.5.1 QUALITY

Service Provider-furnished, Service Provider replaced, or Service Provider acquired materials, supplies, and replacement parts shall conform to the following priorities:

- ? Specifications or standards when listed in a Technical Exhibit.
- ? Specifications or standards contained in Military Bulletin-34.
- ? The same (or better) kind, grade, and quality as the original or current item used by the Government.

C.4.5.2 STOCKING LEVELS

The Service Provider shall ensure the minimum stocking level of materials are maintained to ensure uninterrupted accomplishment of the work and services specified in this Contract. This includes requesting replenishment of Government-furnished materials addressed in Section C.3. The Service Provider shall immediately notify the Designated Government Representative (DGR) or KO when appropriate, in writing, of circumstances regarding delay of work due to material problems.

C.4.5.3 OWNERSHIP

Component or replacement parts which are placed on equipment and facilities shall become the property of the party (Government or Service Provider) holding the title to the equipment or facilities. The Service Provider shall not remove parts or materials from Government property at the termination of the Contract.

C.4.6 PERMITS

The Service Provider shall obtain at no cost to the Government, all appointments, licenses, and permits required for performance of work and for complying with all applicable Federal and State laws. The Service Provider shall provide permits and licenses to the DGR at least 15 days before commencing work.
